### *Building & Ground Safety*

A great asset to KAA is our security system that we have placed up front, for our parents.

When using your access codes we strongly enforce the safety of our children. We ask that you do not let anyone follow you into the building or front lobby. In the event that you have someone else picking up your children they must have their I.D. present and report to the front office upon entering the building. Please do not give them your codes.
